

President's Message

District Tax Bar Association (DT) Ludhiana (Regd)

It gives me immense pleasure to announce the launch of the official website of the District Tax Bar Association (DTBA). This long-awaited platform marks a significant milestone in our ongoing commitment to modernization, transparency, and improved communication within our professional community.

The purpose of this website is to provide our members—and the general public—with instant access to authentic and updated information. Members will now be able to view their profiles, including their professional details, contact information, academic qualifications, payment status of DTBA dues, and even personal details such as blood group, which may prove helpful in emergencies. This digital record is designed to streamline administrative processes and enhance convenience for all.

In addition to serving our members, the website will also highlight the dynamic activities of DTBA. Users will find timely updates about upcoming events, seminars, and meetings, along with minutes, photographs, newsletters, circulars, notifications, and relevant government press releases. By consolidating all important information under one platform, we aim to keep our fraternity informed, connected, and engaged.

This initiative reflects the vision of the Executive Committee to embrace technological advancement and provide efficient services to the legal and taxation community. I extend my gratitude to all team members led by Mr Sanjeev Bhandari the Vice President of the DTBA who contributed their expertise and hard work toward the successful development of this website.

I am confident that this digital platform will not only facilitate communication but also strengthen the professional bond among our members. I encourage all colleagues to explore the website, keep their information updated, and make full use of the resources provided.

May DTBA continue to progress and serve its members with dedication and excellence.

Warm regards,

CA I S KHURANA

President, District Tax Bar Association (DT) Ludhiana
